

What's NEW

Giuseppe Truffle Range

Complimenting their high standard pastas, sugos, pestos and crostinis is the Giuseppe Truffle range.

White Truffles from the highly acclaimed Piedmont region and Black Summer Truffles sourced from Molise. The range consists of: Summer Black Truffles either shaved or finely diced. A little bit of luxury that is available year round. Add these to your pasta and rice dishes. Stir through scrambled eggs or add to an omelette.

White Truffle infused honey and EVO oil. The infused honey is fantastic for drizzling over hard cheeses and is also a perfect match for Roquefort and Gorgonzola. The infused oils are an ideal solution to get a taste of truffle, without surrendering half your wallet!

Summer Black Truffle Shaved 80g
