## THE TASTE OF ITALY

The Giuseppe range is continuing to grow with the introduction of three new flavours to the pasta sauce range. Boasting delicious traditional flavours such as Tomato and Ricotta, Pizzaiola and Napoletana, the new additions to the range are available in 530g jars and perfectly complement other Giuseppe products such as bronze die pasta, pesto and crostini biscuits.

The Milo family has been making artisan produce in the town of Bitonto in Puglia, Southern Italy, since 1800. Two centuries later, Giuseppe Milo and his younger brothers are continuing the journey and are proud of the family tradition of making only the finest traditional products with recipes that have been passed down through the family for generations.
