THE TASTE OF TRADITION

John and John have combined old English potato varieties with carefully selected spices to create an extra crunchy, extra tasty hand-cooked potato crisp.

The combination of thick, unpeeled slices of potato, small batch preparation, cooking in high quality sunflower oil and the use of regional vinegars, cheese and exotic spices result in an exceptional, premium quality product.

Completely gluten-, GMO- and preservative-free, the crisps also contain no artificial additives or trans fats.

The delicious crisps are available in Deep Blue Sea Salt, Sweet Chilli and Red Pepper, Aspall Cyder Vinegar, Suffolk Cheddar & Chives and Sea Salt & Black Pepper.
