# CREATE THE TASTE OF SPAIN

La Cuna hails from Palamós, a Spanish village on the Costa Brava, in the province of Girona renowned for its stunning beauty, medieval villages, beaches, culture and cuisine.

These paella and noodle kits enable you to recreate traditional Spanish foods in your own home. Each kit contains either rice or Fideua (a Spanish noodle) and a tin of sauce. All you have to do is open the tin, empty the contents, simmer and occasionally stir.

Other ingredients can be added, if desired, but these dishes are delicious just as they are.

The range is available in three varieties: Fideuá Noodles with Seafood Sauce, Rice with Squid Ink & Cuttlefish Sauce and Rice with Seafood Sauce. 

**RRP \$23** | **Shelf Life** 6 months | **Contact** Raw Materials
