SUBTLY SMOKED SALMON ◀

Petuna Salmon was established in Tasmania 50 years ago by Peter and Una Rockliff.

Petuna is one of the few producers of smoked salmon in Tasmania and wider Australia that maintains close control over the quality of the end product. The Petuna business begins with sustainable aquaculture and ends with artisan curing and smoking.

The result is a premium cured salmon with a smooth, mildly smoked flavour and delicate texture. Petuna Atlantic Smoked Salmon is also rich in omega 3 fatty acids. The salmon is clumped on the board to minimise handling and thus damage to the product. 🍷
